

2014 MWGA OOM – Women

What is the OOM?

The Manawatu Wanganui Golf Order of Merit – Women, is a series of district events used as a selection tool by district selectors for Senior Female Representative sides.

An “average score over par” system is used over the course of the season (July 2014- October 2014). At each district 36 hole event all female players who are eligible to represent the Manawatu Wanganui district will have their scores recorded on the OOM rankings.

Automatic selections for playing positions in our Senior Female representative sides are available as listed below. Automatic spots will be offered to the first eligible player (lowest “average score over par”) who has played at least 75% of the available rounds, and so on until the automatic quota has been filled. *Selectors reserve the right to exclude players due to behavioural issues or suspension.*

Automatic selections are based on Order of Merit position after the event preceding the next representative match.
