

## Selection Policies and Roles

### **Appointment of Selectors**

Two representative selectors are appointed by the committee's every two years

Team selectors are charged with selecting teams as per the representative schedule.

- They are encouraged to (but not required to) attend as many of the Order of Merit events as they can.
- Announce to Rep Programme Manager the selected teams as soon as possible following the highlighted selection date.
- The Representative Programme Manager will periodically forward up to date comprehensive statistics on all strokeplay and matchplay undertaken by the relevant players in contention for selection.
- Selections by the selectors are final and will require no further justification.

### **Selection Process**

The major tool used for selection is the Manawatu Wanganui Golf Order of Merit.

The OOM events in 2019 are:

Joe Kells/P.N Classic	Horowhenua Open	Wanganui Open
Challenge Cup	Manawatu Open	

The selectors and programme manager may set other events outside the local Order of Merit to be used as trial events.

Selectors will select players through a combination of performance in nominated trial events, past matchplay performance, and on the players that they believe will best represent the district at the scheduled events. Work ethic, team dynamics, attitude and conduct will all be taken into account when selecting a team.

### **Advising Players of selection requirements**

All players eligible to be selected for teams must be made aware of the selection requirements well before the start of the selection season. This is to be made available on the website and the main players in contention advised by letter or email.
